THE MODERN DESIGN

TO WHOM IT MAY CONCERN

I have visited the site of D.A.V. PUBLIC SCHOOL SENIOR SECONDARY, NARAINGARH, AMBALA to know the structural stability of building on dated 29.01.2019.

The structure of the building is Constructed in Years 1984-85, 1998, 2003-04, 2016-17 & Repaired Regularly of Old Building & The Building Constructed with load bearing wall, Rcc Framed Work, & Rcc slab, Tile & Terazzo Flooring. The building are in good condition and well maintained.

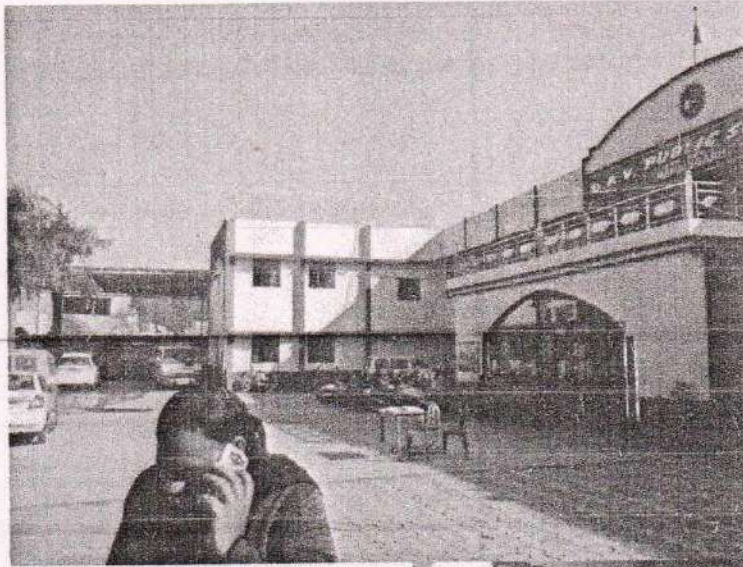

So in my opinion the structure of the property is safe for the School of the building and the vicinity.

Photos Attached of the Building
